

PUBLIC FORMAT SAMPLE

See what the full pack adds

Edinburgh hospitality / June-August 2026

The £195 pack combines a PDF report with a filterable Excel workbook. This sample shows the format; addresses, planning references and direct source links are reserved for the paid pack.

Free review	Full report and workbook
Area-level summaries and commentary	Recorded premises addresses and planning references
Overview of the source method	Available council links and recorded planning positions
Online review and map	PDF project pages and a filterable Excel schedule

A practical way to use the detail

Filter the workbook for your area and premises type. Read the selected project pages. Use the addresses, references and available source links to check the council records before deciding your next step.

18 primary premises / five related applications / four wider-context examples

One primary record has an unresolved location and no source link; this is clearly identified in the full pack.

Order the full report - £195

SAMPLE PROJECT PAGE / IDENTIFYING FIELDS WITHHELD

Office-to-hotel conversion

Newington

Recorded address	Included in the paid pack
Planning reference	Included in the paid pack
Planning position and source link	Included where recorded

What the record describes

Proposed conversion of an existing office building into a hotel, with associated works.

Why it matters

Interior designers, refurbishment contractors and building-services firms can assess how the proposed hotel layout differs from the existing office space.

The full page also includes the council proposal wording, available source link and any related applications.

EXCEL WORKBOOK SAMPLE

Filter the records that fit your work

The workbook contains an Overview, a Projects table and supporting applications and wider context. Filter controls and frozen headers keep the schedule usable as you scroll.

No.	Area	Premises type	Proposed work
3	Newington	Hotels	Office-to-hotel conversion
11	Gorgie	Restaurants	Shop-to-restaurant conversion
6	Marchmont	Cafés & takeaways	Café frontage improvements

Additional columns in the paid workbook

Recorded planning position, address, planning reference, weekly-list date, practical commentary and available council source URL.

Use the area filter to narrow the geography, the premises filter to select your sector and the recorded-position filter to distinguish different planning outcomes. CSV copies are included for importing the schedule into other tools.

The rows above are examples of the layout, not a complete or property-identifying extract.
